Ausgefüllt und unterschrieben mit Ihnen am Ort des Wettbewerbs.

Hier verfügbar → <https://fie.org/fie/documents/other-documents>

Les frais de voyages sont pris en charge par la fédération/ Die Reisekosten werden von Swiss Fencing übernommen.

Informations Générales Covid / Allgemeine Informationen Covid

All participants taking part in the Championships are expected to abide by the following practices, regardless of their function and role, in order to protect themselves and other participants:

- Wash/sanitize your hands frequently, especially if you have had contact with another person or an object of common use and when you enter a new area.
- No handshakes. Use a contactless greeting.
- Always wear a face mask when outside of your hotel room, changing the mask every 4 hours and/or if the mask is soiled or damp ([WHO](#)). It is important you make sure you have access to enough face masks (surgical masks) to last through your stay in Serbia. Everyone is responsible for their own supply.
- Proactively monitor their health for any COVID-19 symptoms ([WHO](#))
- Always cough into your mask, sleeve or a tissue.
- Maintain social distancing as much as possible (minimum 1,5 meters), especially during mealtimes and on transportation services. Avoid meetings in small areas.
- Sanitize/disinfect personal items frequently, including your mobile phone, accreditation, water bottle, pens, etc.
- Avoid sharing your personal items with others (mobile phone, water bottle, pens, etc.).
- Always wear your accreditation to confirm that you are participant of the Championships (hotel, transport, and venue).
- Carefully respect all instructions and requirements set forth by the Organizers and Republic of Serbia.
- Strictly follow Championships principle of operations for the best protection of all participants.
- Any activity or travel outside of the Championships is prohibited. If an emergency arises, any travel or activity outside of the Championships must be declared and validated by the Championships COVID manager.

Upon arrival to Serbia, participants must observe the instructions of the Serbian authorities and be ready to show to [immigration all documents needed](#).

Participants coming by plane will be transported to the official hotels for the **mandatory** upon-arrival Antigen test.

Participants must use the official transportation provided by the Organization committee for arrival/departure and no other private or public transportation means.

During transport, all participants must respect the following requirements:

- Wearing a face mask is mandatory within official Event transportation.
- No food/drinks are allowed in transportation.
- All participants are required to sanitize their hands before entering the vehicle.

During arrival and departure, participants will have to carry their own bags - the driver will not be allowed to touch them. All vehicles will be disinfected at the end of each journey. At the end of each day vehicles will be thoroughly disinfected. Drivers will ensure they have a clean and disinfected vehicle between each trip. Whenever possible, they should open windows of the vehicle to facilitate ventilation. Every vehicle will be large enough to respect social distancing. The transport will be done in small groups (or for complete teams).

Participants coming to Serbia by their own car or minivan will be tested with RAT upon their arrival to the official hotel prior to check-in.

Télécharger l'application Fencing Link / Download der Fencing Link App

This competition will be using **Fencing Link™**.

Fencing link™ is three step software system that enables smooth running of the initial processes of the fencing competition: payment, accreditation and weapon control. It also enables easy distribution of important information to all competitors and officials.

First step is payment. It can be done by single competitor or by one official for all the competitors from one country. All the other steps rely on this one. You will not be able to take the accreditation without paying and you will not be able to submit your material to weapon control.

Second step is accreditation. You can only get your competitor accreditation if your entry fee is payed! If you have your picture on FIE webpage you will have your accreditation already done, if not one will be made immediately on the spot. Whole process takes about two minutes.

Third step is weapon control. You can submit your equipment **ONLY with accreditation** and only in a bag that contains **ONLY material for the weapon control i.e.:**

This way we can ensure that your weapon control is fast and on time. You can follow the status of your bag on screen next to weapon control or on the mobile phone (see manual below) and on your confirmation slip you can see the expected time of delivery for your bag.

Fencing link™ also provides useful information at any moment for all the competitors and officials. Simply scan QR code on your Accreditation with your mobile phone and you will receive personal welcome with all the information regarding **competition schedule, transfer schedule, results, live streaming** and **information about your bag in weapon control**. The application is web based so you can use it anywhere where there is internet connection.

Navettes Aéroport- Hôtel sont organisées.

Es werden Shuttle-Busse vom Flughafen zum Hotel organisiert.

Protocol Covid à votre arrivée à l'hôtel / Protocol Covid bei Ihrer Ankunft im Hotel /

All participants, Direct and indirect will be tested at least once with Rapid antigen test (RAT). Testing will be done in the official hotels. Upon arrival in the hotel, and before check-in, all participants will be taken to the designated room where they will be tested. The results will be done in 15 to 20 minutes. Testing will be done in smaller groups.

Upon negative result they will receive color coded bracelet that have validity of maximum [four days](#).

You can then proceed to check in and other processes (payment, accreditation and weapon control)

Please note that all other procedures (registration, payment, weapon control) will not be possible before testing!

In case of positive result please advise [following procedure](#). |

In accordance to the FIE outline risk-mitigation Covid-19 regulations testing should be done on every four (4) days of stay. to obey this rule, all the bracelets will be color coded for each day of testing and will have a four-day validity. The color codes will be published in the hotels. Persons with expired codes will not be able to enter the venue.

Retesting will be possible in the venue in the specially designated and marked area. Please make sure that you get tested day before your old color code expires.
